

Colocation Services

Why ANEXIO Colocation?

Our colocation centers are strategically placed and state-of-the-art. Sign with ANEXIO and you can receive custom cage space, custom cabinets, custom power and custom networking. Each of our facilities has the latest certifications, security features and emergency backup protocols to keep your data flowing.

ANEXIO offers on-demand colocation services in the Virginia, NY Metro/ New Jersey, Los Angeles and Sacramento markets. From 1u to private cages for hundreds of cabinets, we've got a customizable solution to meet your needs. And because we provide network, hosting, cloud, and professional services all in the same data center, you have virtually unlimited resources at your fingertips to support your environment.

Connections are our specialty, allow us to show you how we can add redundancy and security while saving you money. We can also connect you directly to the large Cloud providers including AWS, Microsoft Azure, IBM, Google, along with many available On-Net carriers.

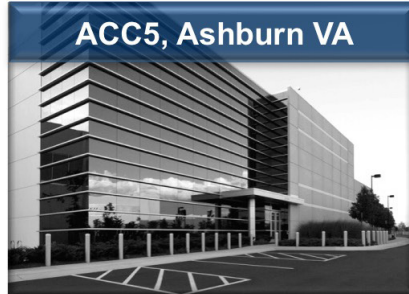

Why just go colo when you can have a truly hybrid solution for your business?
